**Reception Pictures**

The events will be shot in the traditional format (Introductions, Formal Dances, Toast, Cake Cutting, Bouquet Toss, Garter Toss, etc). Other than this, *remaining shots are left to the discretion of the Photographer.* Table shots are a special request and must be listed on this Photography Worksheet and returned 2 weeks prior to your event. These shots will be at the photographer's discretion due to time constraints as well as guests being at their assigned tables. If your reception is in a place that sunset pictures can be shot, we will take you outdoors 15 to 20 minutes prior and keep you for a few minutes afterward to get all shots. You can call us to find out the exact time of the sunset for your date.

**Artistic Photography**

We shoot in an Artistic Style. Artistic incorporates angles, and framing outside of traditional photography. You may notice a picture angled, or framed in a way that may cut off a portion of a person's body to highlight another area. We may shoot a silhouette, where the subject will be dark, but this is done on purpose. We also may incorporate soft filters, which are used to soften blemishes, as a result the pictures won't be as sharp and can look slightly out of focus, but they are completely in focus, just with a soft focus lens to decrease the harshness of the picture.
